August 28, 2018

Dear Quarterback Club Members and Friends:

The San Antonio Quarterback Club, founded 1947, is one of the oldest national Quarterback Clubs in the country. Our mission is to promote, support and financially assist the Gridiron Heroes Spinal Cord Injury Foundation, which provides acute and long term resources to individuals who have sustained a spinal cord injury in a high school football-related event. In accomplishing our mission we bring people together to hear outstanding guest speakers who have coached, played, broadcasted or written about the game we love.

The 2018 Fall season is shaping up to be another great one, with excellent speakers joining us for our Fall lunch meetings. We would also like to announce our new website www.saqbclub.com. Here you will find our latest Fall schedule and also the new membership Application. The membership Application can be printed out and brought to the first meeting with your payment or you can simply mail it with your payment to the address below.

We are looking forward to another great year of fun and fellowship!

Thank you for your support.

Sincerely,

Andy Allen
